

## **CEMS Release Notes v.24**

Release 24 for the Comdata Expense Management System (CEMS) is available on 3/17, and includes the following enhancements:

- Add Non-Comdata Cardholders to CEMS. Administrator users can now add non-Comdata cardholders to CEMS. This change allows customers to use CEMS for outof-pocket expenses and all other company expenses. Follow the quick steps below:
  - A new checkbox titled Create Cardholder has been added to the Employees tab (CEMS > Administration > Users > Employees tab). Check this box when adding an employee record to identify the employee as a non-Comdata cardholder.

• Improve Notes Field Functionality. This item allows users to modify the Transaction Coding window (deleting a transaction, changing a transactions status, etc.) without affecting any attached notes. Users can also now add or modify notes through the Transaction Viewer window.

**Note:** This change moves the notes field to the transaction level as opposed to the original coding level. Multiple notes can be added to the transaction as well as approval notes.
