

CEMS Release Notes v. 31

Release 31 for the Comdata Expense Management System (CEMS) is available on 10/7, and includes the following enhancements:

- **Resolve System Issues.** The following issue has been resolved:
 - Corrected an issue where invoice numbers were truncated in Computer Guidance accounting files. The invoice number can now allow a maximum of 10 characters (last 3-digits of the card number, date (mmddyy), and sequence number (1-9)). Leading zeroes will be dropped, but will not affect the file.

These items are scheduled to deploy Wednesday, October 7 from 4:00 - 5:00 pm CDT with no expected system downtime.

If you have questions about these new features or any other component of CEMS, please contact your Comdata Account Manager at 1-800-282-0012.

You can also refer to the online CEMS user guide available through the **Help/Updates** link in the CEMS menu bar.
